Gratitudes & Goals is a dated diary, focusing on being grateful for what life brings and helping to motivate you towards what you want to achieve. It focuses on planning out your goals for the year and adopting affirmations, as well as recognition of your positivity, to encourage you to succeed in these goals. It then allows you to break down your goals weekly, then daily, into achievable steps. The weekly planning page offers a motivational quote or affirmation to ensure your spirits are kept high and to help reflect on all that you have to be thankful for.
