

Olympus Web SCP

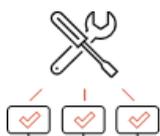

Olympus Web System Configuration Program (Web SCP) contains all the tools required to install, customise, and manage an ODMS Workgroup.

The Olympus Web SCP allows IT administrators to centrally manage licenses, workflow and device configurations via a web browser, dramatically saving administrator time as well as end-user time. Almost no client-side configuration is required and the software is ready upon user launch.

Product Features

OVERALL WORKFLOW MANAGEMENT FROM WEB BROWSER

Managing a mid to large-scale organisation has become more efficient with central workflow and device configuration and license management through a web browser interface.

COST SAVING WITH ONE-TIME FEES

No annual licensing fees, a minimum IT infrastructure requirement for setup, and concurrent licensing for ODMS and Web SCP means cost savings for the business.

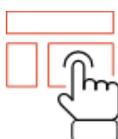

EFFICIENT SOFTWARE UPDATES

Administrators can easily control firmware and software updates, decreasing time for end-user level management.

VIRTUALISATION SUPPORT

The support of virtual environments with Citrix and Windows terminal servers allows you to keep the costs of the IT infrastructure as low as possible

SIMPLE AND INTUITIVE REDESIGNED USER INTERFACE

Navigate the interface with ease thanks to an upgraded design. Boost your productivity and efficiency with instinctive placement of necessary tools.

Olympus Web SCP offers a vast array of features and allows administrators to centrally manage and configure their ODMS environment via a web browser. It streamlines cumbersome user management processes and makes it easy to manage user and group profiles in large numbers, allowing for faster and easier configuration.

ODMS workflow and device settings can be locked so that organisations can implement a standard workflow for their dictation environment, ensuring total consistency and accuracy. Updating firmware and software can easily be controlled by the administrators.

Olympus Web SCP tracks the use of the Dictation and Transcription Module across the workgroup system. It also allows the IT administrator to update and license simply by entering a new key, making it quick and easy to add more users to an ODMS environment without effecting the entire system.

Specifications

TECHNICAL DATA		
Operating System	Standalone System	Microsoft Windows: 7 (Ultimate / Enterprise / Professional / Home Premium SP1 (x86/x64)) 8.1 (Enterprise / Pro / 8.1 Update (x86/x64)) 10 (Enterprise / Pro / Home (x86/x64))
	Workgroup System	Microsoft Windows: 7 (Ultimate / Enterprise / Professional / Home Premium SP1 (x86/x64)) 10 (Enterprise / Pro / Home (x86/x64)) Microsoft Windows Server: 2008 SP2 (x86/x64) Server 2008 R2 (x86/x64) Server 2012 (x64) Server 2012 R2 (x64) Server 2016 (x64)
CPU	Windows 7: 1 GHz or higher Windows 8.1 / 10: 2GHz or higher Server 2008 / 2012: 2 GHz or higher Server 2016: 3.1GHz or higher	
Memory	Windows 7: 1 GB or higher (x86) / 2 GB or higher (x64) Windows 8.1 / 10: 1 GB or higher (x86) / 2 GB or higher (x64) Server 2008 / 2012 / 2016: 2 GB or higher	
HDD Space	At least 2 GB of free space	
.NET Framework	.NET Framework 4.6 or higher	
Display	1024 x 768 pixel resolution or higher 65,536 colours or more (16.77 million colours or more recommended)	
Browser	Microsoft Internet Explorer 6.0 or later (with the latest Service Pack applied)	
USB	With Dictation Module and Transcription Module; one or more USB ports available	
Audio Device	With the Dictation Module and Transcription Module: A Microsoft WDM- or MME-compliant and Windows-compatible sound device	
Virtual Environment Platform: (Workgroup System Only)	Windows Remote Desktop Services (Terminal Services) / RemoteApp: Microsoft Windows Server 2008-2016 (requires separate RDS[TS] CAL license) Citrix XenApp: 5 / 6 / 7-7.15 Citrix XenDesktop: 7-7.15 Citrix Client: Client Receiver 4.0 or later (requires separate Citrix user license) VMware Horizon View: 5 / 6 VMware Horizon: 7-7.2 VMware View Client: 5.0.1 or later (requires separate VMware View user license)	
Supported Languages	English, French, German, Spanish, Russian, Swedish, Czech	
DICTATION OPERATION		
Send finished dictation by E-mail or FTP manually or automatically	Yes	
Download finished dictation to folder to share with typist	Yes	
PLAYBACK & RECORDING		
Playback, Import and Export	DS2 / DSS / WAV / WMA / MP3 / \$DS2 / \$DSS / \$WAV / \$WMA / \$MP3	
Direct Recording & Editing	DS2 / DSS / WAV / WMA	
Voice Activation	VCVA (Variable Control Voice Actuator); adjustable to 10 different levels	
Playback Controls	Speed / Tone / Noise Cancel / Volume Control / Auto-Backspace	
Recording Controls	Insert or Overwrite Voice / Priority Setting / Index Marks / Instruction Comment / Microphone Sensitivity	
EDIT CONTROL		
Convert Files	Convert to DS2 / DSS / WAV / WMA	
Split & Join Files	DS2 / DSS / WAV / WMA	
CENTRAL ADMINISTRATION		
Central Device Configuration	Yes	
Administration of Users and User Groups	Yes	
Active Directory Import	Yes (without user heritage/permissions)	
Setup Dictation Workflows	Yes	
Central License Management	Yes	
Lock Features for Users	Yes	
MST File Generator for Silent Installation	Yes	
Print Device List	Yes	
System and File Backup	Yes	
Monitoring Console	Yes	
File Downloader for Clients	Yes	
Citrix & Terminal Services Support	Yes	
DEVICE CONFIGURATION		
Supported Devices	Voice Recorders: DS-9500 / DS-7000 / DS-3500 USB Microphones: RM-4010P / RM-4015P / RM-4100S / RM-4110S / DR-2300 / DR-2200 / DR-2100 / DR-1200 Foot Switches: RS-31H / RS-28H / RS-31 / RS-28	
Common Settings	General / Recording / Display / Recipient E-mail	
Administrative Settings	General / Display / Device Security / Author & Worktype List / Device Folders / Recording / Hands-Free / Wireless Network / Wireless Download / E-mail Profile	
SPEECH RECOGNITION OPTIONS		
Real-Time Speech Recognition	Yes (Dictation Module only)	
Automatic Background Speech Recognition	Yes	
Automatic Adaptation of Speech Recognition Profiles	Yes	
Assign Document Templates for Speech Recognition by Author ID & Worktype	Yes	
COMPATIBLE SOFTWARE & SERVICES		
Microsoft Office®	Office 2010/2013 (32-bit/64-bit) Office 2016 (32-bit/64-bit)	
Nuance Dragon® Recognition Software	Dragon® Professional Individual/Group: 14 / 15 Dragon® Legal Individual/Group: 14 / 15	
Web Mail Services	Outlook.com / Outlook Web App for Office365 / Google Mail / Yahoo! Mail
